
Modern Slavery Statement

This statement is made pursuant to Section 54 of the Modern Slavery Act 2015 for the financial year ending **December 2025**.

Hamsard 3796 Limited is a UK-based digital advertising business. Our services include campaign management and media buying, delivered to clients in the UK and internationally.

We are committed to acting ethically and with integrity in all our business relationships and have a zero-tolerance approach to modern slavery and human trafficking.

Our operations are primarily office-based and our supply chain is largely service-driven, including media and technology partners, creative and production agencies, data providers, and IT and professional services. While the overall risk is considered low, we recognise potential risks in areas such as offshore services, content production, and IT hardware procurement.

We maintain appropriate policies, including an anti-slavery policy, supplier code of conduct, and whistleblowing procedures. We apply a proportionate, risk-based approach to supplier due diligence, including onboarding checks and contractual obligations requiring compliance with applicable laws.

We continue to review and improve our processes to identify and mitigate risk in a manner proportionate to our size and operations.

This statement has been approved by the Board of Directors and is reviewed annually.
